Transformative Tech & Professional Skills

About UNext

UNext is one of India's largest skilling and talent transformation organizations with a comprehensive suite of training solutions with online degrees, enterprise skilling programs to nurture cutting-edge capabilities, and best-in-class content development and platforms for learners.

Headquartered in Bengaluru, UNext Learning is part of the Manipal Education and Medical Group (MEMG). We help some of the biggest Fortune 500 companies and key startups future-proof their workforce through customized 360-degree training programs across hierarchies.

Backed by our in-house subject matter experts and 1000+ top-notch industry-based faculty pool, we conceptualize and create outcome-focused industry relevant talent transformation programs in emerging technologies and professional skills.

Our endeavor is to empower our learners and enterprise clients to achieve tangible outcomes and make a significant impact. We aspire to serve as a lifelong learning partner for our eco system, unlocking their full potential without constraints related to cost or location.
